

Northwind Analytics: Q3 2026 Research Report

Dr. Maya Chen (lead author) and Luis Ortega · Fictional sample document for the FileChat demo

Executive summary

Revenue for the third quarter reached \$4.2M, an increase of 18% over Q2. About two thirds of the growth came from existing customers expanding their plans. Monthly churn fell from 6.1% to 4.7% after the onboarding redesign.

Key metrics

Metric	Q2	Q3
Revenue	\$3.56M	\$4.2M
Monthly churn	6.1%	4.7%

Risks

Supply chain delays for hardware add-ons, currency exposure ahead of the EU launch, and key-person dependency on the analytics team.

Roadmap

The EU region launches in Q4 2026, followed by SSO and audit logging for enterprise plans in early 2027.
